for six sites reserved for Govt for quarters of Jail Officials. The actual cost is stated to be Rs 4847-6-0. The order on which the Jail Quarters stood previously has been given to the Union. The question is raised whether the Municipality should not pay for the sites now reserved. It is the same whether the Municipality pays or Govt pays as even in the former case the Municipality would ask for a grant for meeting the expdr. The claim made by the Municipality may be admitted and payment made by the Reserve fund and grants this year if possible. If this is not possible provision for this purpose may be made in next year's budget

SIR

With reference to your letter No L 3064/M1 76-35, dated the 31st October 1935, regarding the payment of a sum of Rs 4,847-6-0 to the Bangalore City Municipality on account of the cost of the six sites reserved in the new extension formed to the West of Central Jail for the construction of quarters to the Jail Matron and the Sub Assistant Surgeon in place of the existing buildings and the sites to be handed over to the University, I am directed to observe that in effect the proposal amounts to the payment by the University for the cost of the site which it is believed has been made available to the Central College play grounds In this connection, I am to invite kind reference to section 6(2) of the University Regulation and to state that since by the transfer proposed, the site vests in Government and the University can only hold it on behalf of Government, the question of payment of the cost of the sites by the University does not arise

I am to request therefore that you will be so good as to obtain kind sanction of Government for the free grant of the sites in question to the University
